

ALWAYS ON THE MOVE TRANSPORT

Your transport is our concern.

WELCOME TO DEMUNSTER

We are a growing company for more than 20 years in the transport business. With a recent fleet of more than 10 trucks and a professional team, we guarantee a high-quality and correct service.

We provide tailor-made transport services 24 hours a day at home and abroad.

We specialise in machine and exceptional transport, crane work with truck-mounted cranes as well as the hire of qualified operators.

Looking for a reliable transport partner for your machines, indivisible loads or exceptional transport? We are happy to help you!

Team Demunster

DEMUNSTER
TRANSPORT & DEPANNAGE

CUSTOMIZED CAPACITY

You'll find low loaders in our range with floor heights of 90 cm, 50 cm, 40 cm and even up to 15 cm (wheel wells) to transport indivisible objects without any height problem. Our low loader models range from 6.5 m to an extendable length of 14 m.

FLATBED TRAILERS

Several flatbed trailers are equipped with rear loading ramps and have a capacity of up to 30 tonnes. Ideal for flatbed transport!

LOW LOADERS

Our low loaders are loaded at the front (by uncoupling the gooseneck, the low loader bed is on the ground). These vehicles are equipped with air suspension and with forced steering axles at the rear. Capacity up to 50 tonnes.

SEMI-LOW LOADER TRANSPORT

We have 10 combinations with semi-low loaders. All trailers are tailor-made to our requirements and are therefore flexible to load all kinds of machines. Each trailer is 6 m extendable and is fitted with full or 2 separate 5 m supergrip drive-up ramps. If a machine can no longer get onto the low loader under its own power, we can pull it up using our radio-controlled 20-ton winch. Available with or without steering axles.

— We offer
customised transport.
We are available 24
hours a day.

EURO LOW LOADER TRANSPORT

Our Euro loader is the cream of the crop in medium-heavy flatbed transport. The trailer has 2 12-tonne pendulum axles and is radio-controlled from the cab. With loaded floor height, we can load machines up to 4.50 m. The lower bed is extendable up to 17.20 m unique in its kind! Buses, excavators, outside structures, etc are no problem for this combination.

SEMI DRAWER

D

Semi low-loader combination for heavy-duty work. This low loader combination can transport machines, loads up to 50 T.

— Your professional partner for more than 20 years.

HEAVY DUTY PLATEAU TRAILERS

We currently have 4 new heavy duty flatbed trailers. These trailers are completely built to our requirements and can handle all kinds of loads such as: building materials, constructions, etc.

LENGTH OF TRANSPORT

We have flat extendable trailers available.
Our trailers are extendable and can transport goods up to 20 M.
These trailers are equipped with 3 steering axles and radio steering.

CRANE TRUCKS

Loading and unloading goods or machinery (in hard-to-reach places)? No problem for us, as we put our experience and expertise to work for your transport.

For this purpose, we have tractors with loading cranes (with the possibility of attaching trailers) or trucks with loading cranes. These cranes are operated by remote control. This makes loading and unloading much safer, and the driver can see it better from a distance.

CRANE TRAILER

Mobile knowledge 24 T/M car loading crane (24 tonne metre mobile crane with endless slewing range).

12 M loading floor

22T load capacity

Available with pallet hook and stone clamp

KRAANWAGEN TYPE 2

Unloading and loading on site can be done perfectly with our crane trucks. From our smallest truck to our heaviest tractor. They are all perfectly equipped with the ideal tools for your job. In combination with a small trailer or larger truck + trailer combinations, you can rest assured that your freight will be picked up and delivered on time and in perfect condition. And the same applies, of course, to loose goods if required!

Fixed truck with possibility of trailer.
71T/M crane

Specifications:

- Combinable with tipper truck
- Height of loading platform truck: 1.1 m
- Height of trailer bed: 1m
- Payload: 17 T
- Jib arm reach up to 32 metres
